ABOUT US

we have a strong professional team of PV solar design engineers and installers for our designs and installations. We are a resource to major solar installers, electrical and roofing contractors for both residential and commercial projects. We provide our customers with the best services and products.

All our personnel, design and installation teams comprise of enthusiastic people who share a common goal, of using solar energy for a brighter future for all.

MISSION

Envisioning ENERGY FOR ALL - as our prime motto and quality as our business USP. Our endeavor is to become a Rooftop Solar (RIS) Company of Choice by executing and operating our projects efficiently and maintaining the highest standards of quality, safety and environmental sustainability.

VISION

Our Vision is to provide high quality and cost effective sustainable-clean energy solutions across all markets sectors, thereby improving quality of present and future human life.

GOALS

Onas Solar is committed to increase the renewable power capacities and is aiming to achieve a target of 100 megawatts to be a market leader grid-connected solar PV rooftop share of India.
